Trucage (troo-kaaj) is a unique artistic company specializing in custom decorative finishes, stenciling, murals, trompe l'oeil, and commercial design applications such as sculptural and architectural elements. We also offer gold leafing and can apply our finishes to walls, furniture or just about any surface. Trucage has more than 12 years experience in the San Francisco, East Bay and Phoenix metro areas. We have worked with many architects, designers, and home owners on many high-end commercial and residential projects. Our clients include NY NY Casino, PF Chang and many other restaurants and hospitality companies. Our work has also been showcased in many Home and trade magazines such as **Phoenix Home & Garden**, **Traditional Home**, and **Luxe**. We have many client references that will attest to the integrity and excellence of our work.

Trucage also employs a licensed and insured crew of straight painters, so please allow us to give you a competitive estimate for your next straight painting job as well. We look forward to synergizing with you on any project, of any scale. Please visit www.trucage.com for further information and samples.

Thank you for considering our services.
